EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel Geselowitz on 4/5/2004.

The application has been amended as follows:

In claim 11, line 4, replace "polyamide" with "polyimide".

In claim 19, line 2, replace "second film" with "poles".

In claim 20, line 1, replace "A semiconductor light-emitting device" with "An electrode structure".

End of amendment.

Claims 1, 15, and 19-22 were amended in the response dated 2/19/2004. Claims 11, 19, and 20 are amended above. Claims 1, 3-4, 6-7, 11, 15, and 19-22 are pending.

Drawings

In order to avoid abandonment, the drawing informalities noted in the action mailed on 3/25/2002, must now be corrected. Specifically, the Examiner approved the proposed drawing change of 1/24/2002 adding the prior art label to Fig. 14, and that proposed change must now be made. Correction can only be effected in the manner set forth in the above noted paper.

Allowable Subject Matter

Claims 1, 3-4, 6-7, 11, 15, and 19-22 are allowed. The following is an examiner's statement of reasons for allowance:

Reasons for allowance for these claims were given in the Office Action mailed 6/3/2003. Claims 1, 19, and 20 were then rejected over prior art in the action mailed 11/19/2003. The Applicant's arguments are persuasive regarding the rejections of 11/19/2003, and the rejections are withdrawn. Thus, the Examiner reverts back to the reasons for allowance given 6/3/2003.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
